A. Y. H. NEWS

A news release from National A.Y.H. says: "As became increasingly apparent during the last six months, we failed by a considerable margin to reach our 1964 goal of 29,000 passes. Instead of the 23% growth we were seeking we had to settle for 10%. A year ago three councils were below their prior year's performance. Today, seven councils share this unenviable distinction..."

Pittsburgh Council is one of that seven. Last year we had 301 members. This year's membership is 205, a drop of 32%! True, we have lost some members ---each year many move away or become inactive for other reasons. But it is also true that some continue to share A.Y.H. activities and do not go to the trouble of getting a pass, while others---even some active members---have let their passes expire. Check your pass today. RENEW IT! Let's reverse the tide in 1965.

Or, in the words of National H. Q., "In absolute terms, the American Youth Hostel continues to grow. It has doubled in size in 5 short years. The year 1964 will go on record, not as a relapse, but as a relaxation. Let us resolve that next year will find us all back in stride again."

-INVITATION

The Samovar Club, a social club for Int'l. visitors and their American friends, invites all A.Y.H.ers to participate in its activities this year.

A Thanksgiving program at 6:30, Nov. 22 and a program on "Religions of the World," on Dec. 6 at 8, are some of the planned activities. Both events will take place at Y.M.&W.H.A. on Bellefield.

The Samovar's Newsletter, "Samovar News Flow," will be posted at H.Q. See this for further details.

PEOPLE

Veronica Anderson is back. She attended Openhouse on Oct. 22 and promises to come to others. Faithful TRIANGLE readers will remember Veronica as our foreign correspondent during her 15 months in Europe. She has offered to give advice to people planning hosteling trips to Europe. Look for her at H. Q. She's the girl everyone says "Hi!" to, but no one recognizes.

Victor Sorokin is with us "until the snow" on his annual migration to Florida.
