Happenings

THE AMERICAN RED CROSS sail canoe school held on July 31 was instructive and exciting. About 20 hostellers with a group from Pitt met with the American Red Cross instructor at their camping area on Pymatuning Lake State Park on Saturday morning for a run-down on the parts of the boat and sail, their functions and how to rig the boat. We then set sail and put our lesson to the test. Windward, leeward, jibing, tacking, beating, reaching are just a few of the terminology we acquired. A supper arranged

by Barbara DiGregorio and Bruce Sundquist followed after the sailing, with the other hostellers assisting (mostly in eating it). The evening ended with an invitation from the Pitt group to join in a campfire songfest and corn roast at their campsite. It was a great day and we hope to go back again.

Our President, Bob Fewkes, has been sent to Phila. by his company for 1-2 months. Hurry back!
