Mid-West Hostel Rally

During the week of August 20-21 nine hostellers from Pittsburgh joined about 100 other hostlers at Kelleys Island for the Mid-West hostel Rally. The Columbus Council furnished, canoes, and there was quite a bit of action getting the canoes thru the Lake Erie surf without capsizing. Most of the people there had cycles and there were many cycle tours of the island, and cycle contests. There were also interesting hikes along the beautiful, rugged coastline. Rodger Herbst, program chairman at Columbus deserves credit for a job well done. We hope to see even more hostellers in attendance next year.

NEW CLEVELAND HOSTEL

The Cleveland Park System has just given permission to the Lake Erie Council of A.Y.H. to build a 100- bed hostel in the Brecksville Reservation. Plans for the "Brecksville Castle" include a modern kitchen, a fine library, a large meeting room, and additional facilities. The overnight fee is expected to be \$1.00 during the summer and \$1.50 during the winter. The hostel will be located just outside Brecksville three miles off the Ohio Turnpike exit 11. Besides serving as a hostel it will also serve as a meeting place for educational, musical, and religious groups as well. Meals will be available to groups that reserve in advance at normal cost.

WOODWARD IN WASHINGTON

Janice Woodward, former membership chairman of our council, is now in Washington D.C., learning all about the Foreign Service for an eventual job in some poor, unsuspecting country overseas. At present she has an office on the 17th floor of the State Department Bldg. (with Dean Rusk). Although she hasn't yet been assigned to a specific country, she keeps hearing rumors about Madagascar and Outer Mongolia. Already she has taken charge of the Wash. D. C. A.Y.H., so it is only a matter of time until it becomes a Pgh. Council Hostel Club. She is leading the council on a trip to the Youghieny River for a weekend of canoeing and rafting on Sept. 17 and 18. Janice's address is 2439 Menokin Drive, Apt. 201, Alexandria, Virginia.
