**IMPORTANT NOTICE - NEW TRIP INSURANCE**

By Joe Levine, Trips & Trails Ch.

For many years Pgh. Council has carried insurance for accidental injuries to trippers through CNA. Premiums were 10¢ per tripper per day with coverage up to \$500. On July 1st the old policy expired, and we are now covered by Hartford Insurance. New premiums are 20¢ per tripper per day, with coverage up to \$1000, with additional \$1000 for accidental death or dismemberment.

How will this change affect trip costs? The Board of Directors and the Activities Board have made the following decisions:

1. From July 1 to Sept. 30, 1981, the old Registration fees will remain; the Council will make up the 10¢ difference.
2. Beginning October 1, 1981, all trippers will pay an additional 10¢ per day Registration fee, as follows:

MEMBERS - 60¢ per day, 35¢ per half day

NON-MEMBERS - \$2.10 per day, \$1.10 per half day, 60¢ per evening cycle.

AYH CLUBS - 20¢ per person per day

CHILDREN ON FAMILY TRIPS - 20¢ per child per day.

## TIPS & TALES

### FALL COMING ...

Watch the "SPECIAL EVENTS" listing during October and November. This is when OhioPyle Hostel Work Parties will be listed. Free overnights are provided for helpers who can rake leaves, caulk windows, stuff insulation, etc. Work is available inside or out, upstairs or down.

This is a good chance to enjoy the fall colors in the Laurel Highlands. Call Joe Hoechner 373-3403 for more details.

P.S. Roofers needed!

### NIAGARA FALLS AREA...

There is a new hostel serving the scenic Niagara Falls area, located on the U.S./N.Y. side of the border. The "Niagara Falls Frontier Hostel" is located in refurbished old Georgian style home with separate male/female dorms, a common room, dining area, and fully equipped kitchen. Rates are \$4.50 for members and \$9 for non-members. For more info contact the houseparent at 1101 Ferry Ave., Niagara Falls N.Y. 14301 or call (716) 282-3700 or (716) 285-9203.

### SPARE BIKE PARTS ? ? ?

Do you have any spare bike parts at home? Pgh. AYH has established a parts box for cyclists at the OhioPyle Youth Hostel. Any type of usable parts - chain links, spokes, cables, brake pads, nuts and bolts, etc. can be added to the collection. If you have any parts bring them in on Thursday nights and give them to Joe Hoechner.

### DO YOU SKI ? ? ?

If you do you may want to check out the Willi's Ski Shop Clearance to be held at the new Monroeville Expo Mart from Sept. 5th to 7th. (Too bad it's Labor Day weekend.)

### INTERESTED IN PA COUNTY ROAD MAPS ?

The people at Harrisburg can send you a free catalog of all of their maps (Type #3 is the best size for bicyclists). If you would like a copy write to:

PEN DOT SALES STORE

P.O. Box 134 Bldg #33  
Middletown, PA 17057

### ELECTIONS ! ! !

Pittsburgh AYH Elections are coming up! If you would like to help our council, your services could be used in Membership, Hiking, Baker Trail, Hostel Clubs (to name a few). If you are available see Steve Martin at any Open House to get your name on the slate.

### WINTER IS COMING \* \* \*

Not right away but in a few month. Start planning now for the Annual Winter Weekend. Keep Feb. 19-21 open. Watch for details in a couple of months. (P.S. The trip is limited to 80 hostellers!).

### NEW BLOCK-BUSTER ADVENTURE.

Watch for a new block-buster adventure movie to appear next spring! Entitled "Riders of the Lost Park" it tells the story of the bicyclist "Pennsylvania Schmidt". Pennsy (to his friends) spends his free time searching midst the ruins of old gas and oil wells for traces of Allegheny National Forest. With his ever present boomerang hung over shoulder he is able to bike along, fighting off farm dogs with his weapon always returning ready to be used again.

So watch for "Riders..." starring Pennsylvania Schmidt at a theatre or drive-in near you!

### "HAPPINESS IS"...

finding that sliver of glass in your bicycle tire before you get a flat, but "MISERY" is using your Swiss Army knife to dig it out and going just a little too far...

### SOMETHING FOR NOTHING ?

Well for the cost of a stamp (18¢, 20¢ ...) you can get a free copy of the PA Trail Guide from the nice people in Harrisburg. Write to:

Trail Guide - Bureau of State Park  
P.O. Box 1467  
Harrisburg PA 17120

### YOGA CLASSES + + + +

are tentatively starting in September before the AYH meeting at 7:30 pm near the volleyball court area. Bring a towel and wear comfortable clothing. All welcome. Any questions please contact Janie Kovarsky at 521-4946.

## BICYCLE THIEVERY by Lynn Gogots

As bicycling becomes more popular in the Pittsburgh area, so does a major problem... bicycle thievery. What kind of 'self defense' can be used? and what can be done to help eliminate the problem?

Within the past month, two members of Pgh. Council had their bikes stolen. Their stories may sound familiar.

Joel: While shopping at a bike store in East Liberty on a Saturday morning in July, Joel chained his blue Schwinn to a supposedly safe bike rack. After staying in the store for only a matter of a few minutes, he returned to find it gone, without a trace.

Janie: While in the library in Squirrel Hill on the same day as Joel, Janie chained her bike to the bike rack. Within two hours when she returned, her bike was missing.

The use of their bikes at the time of the 'disappearance' probably sounds like something that you might do often. Is your bike being protected as well as it could be?

Many types of chains, cables, and locking devices are on the market today. There are two types which are of interest to cyclists, each with their advantages and disadvantages: 'Kryptonite' or 'Citadel,' and cable with a padlock.

The first type is a rigid metal device which is virtually indestructible and carries an insurance policy against theft due to failure of the lock. The disadvantage is that it is inconvenient because they can only be used on a bike rack or certain fences, plus the front wheel must be removed in order to be protected.

The more popular cable and lock is usually used by cyclists mostly for the sake of convenience. This form of protection is the easiest to carry, plus it can be used to attach the bike to many more things; also, the front wheel need not be removed. The major disadvantage is that they are not quite as theft-proof, but more than adequate "to keep honest people honest."

However, regardless of the lock you choose, common sense has a great deal to do with the security of your bike. Try to find an area that will be watched by someone or even your office if possible.
