"34 Miles in One Day"

The Rachel Carson Trail Challenge 2000 will take place on June 24, 2000. Two hundred runners, hikers, walkers and adventurers are expected to participate in the arduous 34-mile trek across the heinous hills and hollows of the Rachel Carson Trail, this year starting at the Harrison Hills County Park Ox Roast

Shelter and ending at North Park's Beaver Shelter.

Registration materials and more information are included in this issue of the Golden Triangle. See the Rachel Carson Trail website at http://members.xoom.com/rachelbaker. Read about the 1996, 1997, and 1999 Rachel Carson Trail Challenges. Read about Team EMS and the all-woman Team Rock (as in Slippery Rock); find out what happens when people "disappear" on the Trail. Is it best to go "hiker-mode" or "runner-mode"? In 1997, the first and only westbound Challenge, 27 out of 135 hikers managed to finish before sunset. RCTC2000 promises to be not only challenging, but an exciting adventure, right in your own

What does RCTC2000 have in store?? Thunder and lightning? heat? rain? snakes? poison ivy? nettles? washouts? blowdowns? wet crossings? dirt? rocks? scree? talus? bees? ants? Hercules club (you'd better know what this is)? brambles? landslide? rockfalls? If it can be seen on a western Pennsylva-

nia hiking trail, you'll see it somewhere along the 34-miles of the Rachel Carson Trail.

Order your trail guide and get out there and start training; then join us for the "June Hikes", led by one of our Trail Marshals, and get an edge on your Challenge-day effort. Registration is limited to 200 participants, so do it today!!

JOIN THE PITTSBURGH/OHIOPYLE HOSTEL MAINTENANCE TEAM

Our two hostels in Pittsburgh and Ohiopyle need some attention and we need people to wrestle them into shape. Carpenters, plumbers and other building trade craftsmen are needed for extensive repairs and improvements to the Ohiopyle hostel. If you don't have these skills you are still most welcome to join us to learn some tricks of the trade and help with the less glamorous jobs like cleaning and painting. The Ohiopyle Hostel is in a gorgeous natural setting and we want a hostel that will complement it.

The Pittsburgh hostel in Allentown is only two years old and has been receiving rave reviews by travelers as the nicest hostel they have ever visited. The staff keeps it immaculately clean, but occasionally they need some help and small maintenance issues are beginning to pop up that we would like to nip at the bud.

As we are all so busy these days, we want to form a large corps of volunteers we can call on by phone or e-mail for work parties at the hostels.

We also hope that the work parties will degenerate into serious parties by the end of the day's labors. If you are interested in joining us contact George Schmidt. Phone 412-521-1538 or e-mail wpwgeorge@aol.com.

AYH ACTIVITIES WITH BEN

At the retreat held April 15, high above the Southside at St. Paul, the board and staff of the Pittsburgh AYH gathered for a discussion on the future of our hostel and local organization.

Two major issues came to the fore; the status of our hostels, and the status of our outdoor group.

As came apparent, the board has centered attention on the pressing issue of financing and staffing for a number of years. These issues are certainly critical, and very time consuming.

The second issue of extensive discussion was of our outdoor program, the trip leaders, chairs and active members who make up our outdoor activity program, their time honored tradition, and where we stand.

The majority of the board has very little exposure to our long tradition of sponsoring activities. And as far as I found by going to various trip planning meetings, very little is known by most of the outdoors men and women of the boards makeup or doings.

So, I would like to invite the board of directors, as well as trip leaders and chairs to meet.

More precisely, at the Allentown hostel, Wed. June 21. Food and refreshment will be served, complements of yours truly, at 6:00 PM. Discussion from 7 till 9.

Suggestions on thoughts to bring up:

What you like about the Pittsburgh AYH.

What you find troublesome.

How the relationship between the board and outdoor activities can be improved, changed, redefined.

Also, a chance to get to know each other.

I hope to encourage opening up some channels of communication. We are unique in Pittsburgh in having a wide range of equipment. We still have some outstanding people in canoeing, kayaking and climbing who have taught the safe use of these skills for years. I would like to see these skills passed on in Pittsburgh for another generation to enjoy. I hope you will come and see how we can do just that. And finally, my personal thanks to Jessica, our hostel manager, for letting us meet in Allentown and for her enthusiastic support.

The Tuesday night schools are off to a good start, and more trips and schools are planned for aspiring students.

The river has yet to be picked for the annual Memorial Day canoe camping trip, but a good time is guaranteed. Call for information.

June 11-17 Yough Sojourn

Volunteers are needed to help with canoe instruction--call Bob McKinley (724) 872-5586 for more information.

For the past ten years DEP has sponsored a River Sweep clean up of the Ohio River and its tributaries in the middle of June. Locally, Sylvan Canoe Club is a site from which clean-up crews are dispatched. Betty Mallison (412) 442-4182 takes names of people who want to volunteer or report a site that needs attention, and should be able to provide a correct date. Paddlers are very sensitive to litter and work to keep put-ins and take-outs trash free. If you can spare a few hours, the River Sweep is a good way to make a big difference!

Sunday, June 18 Eric Nilson (412) 487-3255 Father's Day Paddle, Eric's choice.

June 24,25 Tandem Canoe Clinic sponsored by Ohiopyle State Park, instructors from TRPC. Learn to paddle or improve your skills on the Middle Yough. Call the park (724) 329-8591 for more information.

BICYCLING

Two Bicycle Rides a Success

On April 29th, 8 bicyclists rode the approximate 36mi. round trip between Connellsville and Ohiopyle. It was a sunny spring day with lots of wildflowers and waterfalls along the way. Led by Bob and Mariann Brayer.

On Sat., May 6th, 6 bicyclists rode 27 miles on some of the most scenic country roads in Western Pa. There were moderate hills, and it was hot but we stuck together and cheered each other on. The ice cream was delicious at Brusters. Led by Joan Roolf and Sue Groskin.

Everyone who likes to bicycle are welcome. We are trying to build a group of like minded cyclists who enjoy sharing the experience. So come join us. I know you are out there!

Additional Bicycle Rides added to the schedule

June 3rd Sat. Twin Lakes Ride. This ride is 23 miles and is in Westmoreland County. The scenery is beautiful and there are some hills, but nothing too scary. The pace will be gentle. Call Joan Roolf for the meeting place and time. (412)351-2061

September 8,9,10 Niagra on the Lake weekend. This is a splendid area for bicycling due to the bike path the entire length of the Niagra River. Call them at (412)795-

September 23rd, Sat. Mike Robertson will lead a ride on the Allegheny Highlands

HIKING/BACKPACKING/TRAILS

June 3 Saturday Jim Ritchie 828-0210

NATIONAL TRAILS DAY: The "June Hikes" on the Rachel
Carson Trail; Hike #1: Harrison Hills. On the
"June Hikes", we will get ready for the Rachel

Carson Trail Challenge 2000. In a series of four hikes, we will trace the route just as you will encounter it on June 24th. This is the first of four hikes covering the 34-mile Rachel Carson Trail end-to-end. This hike begins at Harrison Hills Park, skirting the bluffs over the Allegheny River, covering some easy and pleasant terrain. Then we hit Burtner Hill, one of the biggest and toughest hills on the Trail. The last mile to Bull Creek Road consists of quick-paced road-walking. About 8 miles, moderately strenuous, intermediate level hiking. Call Jim for more information and reservations. email: jimritch@aol.com. •

June 4 Sunday Jim Ritchie 828-0210
Rachel Carson Trail, Allegheny Vistas. This is the second of four hikes covering the 34-mile Rachel Carson Trail end-to-end. We will start on Bull Creek Road near Tarentum and tackle Bakerstown Hill, Bailey"s Hill, Creighton Hill, and Murray Hill in short order. We will finish along the bluffs over the Allegheny River near Springdale. About 8 miles, intermediate hiking, moderately strenuous. Be sure you"ve gone 8 miles before, don"t make this the first time. Call Jim for more information and reservations. email: jimritch@aol.com.◆

June 10 Saturday Jim Ritchie 828-0210 Rachel Carson Trail, The Roller Coaster. This is the third of four hikes on the Rachel Carson Trail covering all 34 miles of the Trail. We begin in Springdale and immediately tackle the "roller coaster", followed by the backside hill of Mile 14, LaFever Hill, down Rich Hill, and then up to Emmerling Park and Myers Hill. About 10 miles, definitely strenuous, not recommended for beginning hikers. Call Jim for more information and reservations. email: jimritch@aol.com.◆

June 11 Sunday Jim Ritchie 828-0210
Rachel Carson Trail, North Hills. This is the last of four hikes on the Rachel Carson Trail covering all 34 miles of the Trail. We begin at the Cedar Run Road in Dorseyville, do some spirited (dirt) road-walking for about a mile, and then hike past Hidden Pond, climb to the roof of Allegheny County, into the Hampton Nature Reserve, Crouse Run Valley, and finally North Park, ending at the Beaver Shelter. About 8 miles, this is the easiest of the four sections of the Rachel Carson Trail. There may be one or two wet crossings. Intermediate hiking. Call Jim for more information and reservations. email: jimritch@aol.com. ◆

June 24 Saturday Jim Ritchie 828-0210 Leo Stember 681-1385

Rachel Carson Trail Challenge 2000. The RCTC2000 will begin at Harrison Hills County Park at 5:50 AM and will end at 8:54 PM at the Beaver Shelter in North Park, 34 miles later. Read all about it in this issue, April Golden Triangle. Registration is required and is limited to 200, so get your application in today. Trail guides are available for \$7.00 plus s/h and sales tax (total = \$8.99 at (412) 431-4910 (AYH Travel Store).

July 15 Saturday Jim Ritchie 828-0210 Slippery Rock Gorge Trail (North County Trail). Eckert Bridge to Hell's Hollow and More!!! The basic hike is about 6 miles but we'll joust it up to around 10 miles. The Gorge Trail was built between 1991 and 1994 by the Keystone Trails Association through the more inaccessible south end of McConnell's Mill State Park. This is a great mid-summer hiking spot; most of the trail is wooded in the cool, shady gorge of Slippery Rock Creek. Intermediate difficulty, not a beginner's hike. Optional swimming at the beach after hiking. Maybe dinner. Call Jim for more information and reservations. email: jimritch@aol.com.◆

August 12 Saturday Jim Ritchie 828-0210 Glacier Ridge Trail (North Country Trail). From the bicycle rental in Moraine State Park across the Hidden River Bridge and onward to Route 536, about 8 miles. Most of the trail, but not all, is shaded woodland. What good is summer if you can't sweat a little? Optional swimming at the beach after hiking. Dinner in Portersville is another option. Call Jim for more information and reservations. email: jimritch@aol.com.

The Rachel Carson Trail has been designated a National Millenium Trail by the American Hiking Society.

The RCT will host a National Trails Day event on June $3^{\rm rd}$ in the form of an 8-mile Rachel Carson Trail Challenge "training hike" from Harrison Hills to Bull Creek Road. The public is welcome.

The Baker Trail welcomes several new volunteer trail stewards: Bob Derry from Indiana, PA and his friends, including Paul Snider, are taking over the section from the Atwood Shelter to the Milo Weaver Shelter. Mike Nagel, AT through-hiker among other noteworthy designations, has taken the section of the BT from the covered footbridge at Horney Camp Run to Cochran's Mill; Gerry Vaerewyck and friends have taken on the gargantuan task of wading through all the bureaucratic red tape needed to restore the cable bridge across Cherry Run near Cochran's Mill. Bill Grove and Elizabeth Taylor are working the section of the Baker Trail from Bethlehem Chapel to the Summerville Shelter.

Ed Divers *talked* with the folks from the Kiski Valley Rail Road (KVRR) about using the railroad bridge across the Kiski River. Charlie, the KVRR guy, seemed to realize that our Baker Trail hikers are not crazies, and are not likely to be run down by a train while crossing the tracks.

The Keystone Power Plant clear cut a large section of woodland on which the Baker Trail is located-repairs needed.

Verona Boy Scout Troop 139, under scoutmaster John Hackett, organized their own National Trails Day project on the Baker Trail; they're going to do some major maintenance work on the Mahoning section of the trail, north of Dayton.

Bob Roth of AYH and Don Landfried of the North Country Trail Association, Clarion Chapter, along with several other volunteers, completed a relocation of the Baker Trail, north of Cook Forest, in order to accommodate an unfriendly landowner. Seems the landowner felt having folks walk by the front of his summer cottage on the road was intrusive (??). So he bought the land where the trail was leading out to the road, and then forced the trail to follow a different route, cutting out about a half mile of virgin hemlock forest.

The section of the Baker Trail between Iron Bridge Road and Fisher-Sigel Road in Clarion County had a "select cut" logging done on it. Since yellow paint was used to mark the trees to be cut, all of our blaze trees came down. And, instead of a nice woodland jeep trail, a nasty logging road was cut through this plot. The same happened in State Game Lands #74 near Mill Creek in Clarion County. Now that a lot of the $3^{\rm rd}$ and $4^{\rm th}$ growth trees in Western PA are reaching a foot in diameter, the loggers are rushing to chop them down.

I attended an Eagle Scout ceremony in Brookville PA, back in March, where Jimmy and Mike Walter received their Eagle Scout badges. Jim and Mike each built a shelter on the Baker Trail; one is now at Corsica and the other is near Langville (North Freedom). And, they raised all the money needed to purchase the materials.

Cook Forest State Park, a National Natural Area, which I had understood could not be blazed for hiking because of its Natural Area Status, has, all of a sudden, been blazed several times over, and in a very inconsistent and confusing pattern. Now there are orange squares nailed to trees, silver aluminum circles with arrows on them, also nailed to the trees; and someone has taken it upon

(Continued on page 7)

(Continued from page 6)

themselves to spray paint splotches of yellow paint on trees along the trail (God help us I hope they are not marking the Baker Trail!!), and the North Country Trail Association has put up a number of NCT "medallions" through the Park at strategic locations. Well, I will be talking with Steve Farrell, the new superintendent up there, and we will to get the "rogue blazing" under control. I intend to volunteer to go in there and "clean it up", if Steve OK's it.

Last fall, hiking the Baker Trail near Heathville, we stopped in to see Mr. Himes (who, according to Baker Trail legend, offers cold water to hikers). The purpose of our visit was to honor Mr. Himes with a Baker Trail t-shirt. Alas! He was not at home. So, we left the t-shirt anyway. I called him about a week later, and he did get the shirt, and he was very thrilled. And he said, "You know, if you wanted to camp on my property, you are welcome to do so, right behind all the insulator displays". You have to see what that man does with electric insulators to believe it.

Thanks to everyone who worked at an EMS store on Club Night, April 27. We were well covered at each of the three stores and I was proud of the AYH presence that night.

Jessica, the new manager at the Pittsburgh International Youth Hostel, is doing a fine job of managing our Rachel Carson Trail Challenge 2000 registration for us. Jerry Agin, our computer guru/registrar, taught Jessica how to use an Access database and how to run several reports off the database and she just ran with it. Thanks, Jerry and Jessica.

Steve Mentzer is trying to organize a shuttle for the Challenge. The shuttle, contracted from Laidlaw Transportaton, would pick hikers up at North Park at 5 AM on June $24^{\rm th}$ and ride them out to Harrison Hills to start the 34-mile trek back to where their cars will be waiting.

Ed Beck, president of Keystone Trails Association for the past six years, not only has stepped back from the presidency, he is also retiring from work. Ed has written his retirement manifesto, laying out his plans for quite a few years to come. Thanks, Ed, for the contribution of your leadership on behalf of Pennsylvania hikers and trails.

Hugh Downing, a Rachel Carson Trail volunteer maintenance steward, is the new KTA president.

George Dull, an Indiana Township supervisor, and I rode around the Rachel Carson Trail in that township recently, discussing how to make the trail more accessible to township residents.

Thanks to Greg Pytlik, of Pytlik Design Associates in Station Square, for the wonderful graphics work contributed for the Rachel Carson Trail Challenge 2000 brochure. Greg was also able to negotiate a favorable cost for printing up the brochures from Night and Day Press, downtown Pittsburgh.

Ken Chute, of Edgewood, has agreed to help us re-design and re-produce the AYH activity brochures. Specifically, brochures for canoeing, sea kayaking, rock climbing, the "Rambles", sailing, and hiking and backpacking are targeted.

Lance Neeper and his friends in the IUP OUting Club in Indiana, PA have done several Baker Trail cleanups in the past six months. I gave a Baker Trail slide show at IUP earlier this year at that campus.

Leo Stember, Hugh Downing and I have completed the Banyas Bypass of the Rachel Carson Trail in Frazier Township. The Banyas pulled the plug on the trail over their property last year after the Challenge. The reason cited: "I just don't want anyone on my property". It seems, in this business, some people just can't do enough and want to share their good fortune with others and then there are other people who won't do anything for anyone.

Patty Brunner has been busy organizing numerous work projects for various scout troops on the Baker Trail. She attends the meetings to tell the scouts and scoutmasters about our trail and then to sell the project. She's done so well, along with our many other volunteers, that all the work on the trail is nearly caught up. Only the really big projects seem to be left.

I want to publicly thank some new friends of the Rachel Carson Trail, specifically these are landowners who have extended their permission for the trail to cross their property: Mike Dalphonse of Hampton, Pam Reberg and Warren of Springdale. In spite of the occasional inconvenience of having a trail cross their property, these folks have extended their hospitality in the true spirit of neighborliness. Please, hikers, when you are hiking the trails, be courteous and thankful to all the land owners and land managers who allow us to use their property for our enjoyment and pleasure.

Volunteer for the Great Ride And help raise money for the Pittsburgh Hostel!

Yes, the Great Ride rides again!

This year's Great Ride will be on Sunday July 23rd and once again, a portion of the proceeds will go to supporting our Pittsburgh Hostel. Last year, the Pittsburgh Hostel received over \$3,500, and we hope to see a similar contribution this year, thanks to Pittsburgh Citiparks and the corporate sponsors of the Great Ride.

In return, Pittsburgh Council AYH is committed to providing volunteers as course marshals on Sunday the 23rd and to help with early registration on Saturday the 22nd. Last year we had almost 40 volunteers and hope to have at least that many this year.

What's involved? On Saturday, July 22, 2000 from 9:00 a.m. until Noon, Great Ride participants will have the opportunity to pick up their Great Ride packet in advance. Packet Pick Up will take place at the start/finish location at 300 Technology Drive (you can also register here!). Local bike mechanics will be on hand to perform free safety checks. If you can volunteer 3 hours of your time on Saturday, Citiparks can use your help.

On Sunday, we primarily need course marshals – friendly folks to stand at intersections and make sure the riders make the right (and left) turns and just to say hello to the riders as they go by. It's a lot more fun in pairs, so why not bring a friend with you? We would like to have most everybody on the course, especially on the first half, in place by 8 am and would need you for as little as two hours to perhaps as long as 5 hours. If you're a late starter, we can place you closer to the end of the course. Bring the Sunday paper, a folding chair, your favorite brew of coffee, a hat and some sunscreen and you'll be all set. We'll provide directions, instructions, and one of those red traffic flags, which you can pick up at the Saturday registration, Saturday afternoon or evening at the hostel, or early on Sunday at the starting point.

One other place to help and that's on the Mount Washington loop that goes past the hostel. We try to provide extra help along this part of the course and an extra water stop on Mount Washington.

Ready to help? Call the council office at 41-431-4910 and leave your name, telephone number, part of town you're available to help in, and which day you can help on.

For more information on the Great Ride itself, check out the Citipark's web site at http://www.city.pittsburgh.pa.us/greatride/. Why not check the course maps at http://www.city.pittsburgh.pa.us/greatride/html/course_maps.html and see if the ride passes by your house and help from there!

A free Great Ride T-shirt to everyone who helps!

Please pass the word on an upcoming bicycling tour. The second annual **Bike to Break** the cycle ...of domestic violence is Sunday May 28, 2000. 15, 30, or 50 mile course options. Fee before 5/16/00 is \$15 or \$20.00 after that date. Benefits the Women's Center and Shelter of Greater Pittsburgh. Brochures are available at local bike shops or call 412-687-8017 ext #337. The ride starts at the West Allegheny Middle school in Imperial which is only 15 minutes from downtown. Reyne M. Kacsuta Event Chairperson

The Steel Valley and Mon Yough Trail Councils are sponsoring the second annual "Dam Trip To Confluence' this September 9/10 to raise money for trail maintenance. You can learn more about the ride by visiting home.att.net/~damtripride Thank you. Mike Bilcsik.

National Trails Day 2000

The North Country Trail Association in Pennsylvania, along with its chapters, are celebrating National Trails Day June 3. The North Country Trail has been designated a Millennium Trail, and the members and volunteers will be holding activities at Moraine State Park beginning at 9:00 a.m. There will be a backpacker's cooking contest, which is being judged by Thom Hogan Editor of Backpacker magazine. Hikes will be scheduled throughout the day along with trail work and a backpacking class (there is a \$15 fee for materials and lunch; it will run from 9 a.m. to 2 p.m.). To register, e-mail Heather at mailto:etajoyh@aol.com or call 412-231-1113. We will also honor our volunteers and hold a dedication of a new section of the trail at the Stone House on Route 8. STATE PLANS INCREASES ATV TRAILS IN STATE

by Jeff Schmidt, SPEL office

The Department of Conservation and Natural Resources (DCNR) is quietly plotting a strategy to significantly increase all-terrain vehicle (ATV) trails. In private meetings DCNR staff are implementing a directive from Secretary John Oliver to launch a five-year plan to significantly increase ATV trails on state forest and state park lands. DCNR leadership apparently believes that the 184-mile ATV trail system is insufficient to meet the demands of the ATV industry. Local ATV clubs, organized by the motorcycle industry (which sells ATVs), have been mounting pressure on state officials to further subsidize their industry by opening more public lands to their vehicles.

Variety of Negative Impacts

All-terrain vehicle use results in a wide range of negative impacts. Noise pollution invades the serenity of the forest, terrorizing wildlife and other forest inhabitants. Air pollution contaminates otherwise pristine areas.

Water pollution occurs when ATV users run their machines through streams, springs, bogs, etc. Trampled vegetation, erosion and sedimentation occur when ATV users inevitably ride off trail and sometimes while remaining on trail.

Conflicts with other trail users means ATV users want separate trail systems which result in further forest fragmentation and habitat loss. Even snowmobilers don't want to share trails with ATVers.

Legislative Pressure

DCNR has held private meetings with legislative proponents of expanded ATV trails such as Mike Hanna (D-Clinton). Hanna has been a proponent of opening existing state forest roads to ATVs. Hanna is reportedly drafting legislation to require an expansion of ATV use in state parks, forests and gamelands.

Currently, PA law allows ATVs access to trails on state forest and park lands. No trails have yet been constructed on park land, while the state forest ATV trail system has grown to 184 miles. The PA Game Commission prohibits ATV use on state gamelands, with the exception of a pilot program for disabled hunters. An annual \$10 ATV registration fee goes into a fund administered by DCNR for ATV trail development on state forest land.

The new Hanna legislation has not been introduced, but is expected to be referred to the House Environmental Resource and Energy Committee, which has oversight of DCNR. The legislation, even if it fails to pass, would serve as a "prod" to keep pressure on DCNR to submit to the ATV industry.

Another "Foot in the Door"

The motorcycle industry has long been working to expand access for motorized vehicles on public lands. In addition to ATVs, the motorcycle industry also wants access for off-highway motorcycles (OHMs), also known as dirt bikes.

The motorcycle industry has a goal of creating yet another separate trail system for OHMs because their riders do not want to compete with the slower and less agile ATVs. So any expansion of ATV use in state lands represents a "foot in the door" for OHMs.

Rip and Tear Sites

DCNR plans two kinds of riding opportunities for ATV users. One experience would include a traditional trail, with scenic views and generally one-way travel. The other type of site envisioned by DCNR would utilize what is called "Rip and Tear" sites. As the name implies, these would be areas for stunt-riding and "hot-dogging" that would result in significant erosion and soil compaction (ripping and tearing). Under DCNR's plans. "Rip and Tear" sites would be connected by scenic trails. Apparently it is hoped that rip and tear activities would cease when riders use the scenic trails.

DCNR has no plans to utilize the ATV fund monies to purchase land for ATV trail construction. Rather, it plans to use existing state forest land for the new trails. In addition, DCNR plans to expand ATV use into state parks by creating more ATV trail-

DCNR has no plans to utilize the ATV fund monies to purchase land for ATV trail construction. Rather, it plans to use existing state forest land for the new trails. In addition, DCNR plans to expand ATV use into state parks by creating more ATV trailheads in state park lands, which currently are generally free of these polluting vehicles.

As this article is being written, DCNR has no plans to solicit public opinion about this radical proposal to expand motorized use of "Penn's Woods". In fact, DCNR has decided to reduce public input meetings over the entire state forest planning process. The schedule of public meetings on forest planning has been postponed repeatedly, and even the release of the promised draft plan is in question.

WHAT YOU CAN DO: Contact Governor Ridge and DCNR Secretary John Oliver to express opposition to the expansion of motorized vehicles on state lands.

ROCK CLIMBING

Rock Out with AYH!

The Pittsburgh AYH Rock Climbing program is a great way to experience the thrill of rock climbing. Our Beginner trips are focused on teaching "never evers" the basics of rock climbing. AYH supplies the climbing gear plus a group of experienced climbers to set up the climbs and teach the course. All you need to bring is a bag lunch, water, and a sunny disposition. Wear loose-fitting, comfortable clothes (shorts and T-shirts in the summer) and tennis shoes. It's not a bad idea to pack raingear in the event of a late-afternoon thunderstorm.

Beginner trips and Seneca Prep trips are held at Coopers Rocks State Forest, Exit 15 on Rt 68, east of Morgantown, WV. Trips leave from AYH headquarters at 7:30 am. We arrive at Coopers Rocks around 9:30 am, followed by a short walk to the climbing area. We are back at the cars by 4:30 or so. Many climbers stop at a local restaurant for dinner before driving back to Pittsburgh. We typically arrive back at AYH headquarters by 8 pm.

Cost is \$10 for AYH members (\$12 for non-members). Gas money (\$5/person, if you car pool from AYH Headquarters) and dinner are NOT included in the trip fees. Beginner trip fees break down as follows:

- \$3 activity fee (for first-timers only)
- \$3 harness/helmet rental (if you don't own your own)
- \$3 rope fee (for periodic rope replacements)
- \$1 AYH registration fee (\$3 for non members)

Experienced climbers are welcome on our "Beginner" trips since we top-rope climbs of varying difficulty (through 5.10). Seneca Prep trips teach seconding skills in preparation for a multi-pitch climbing trip to Seneca Rocks. AYH climbers also make frequent "unofficial" trips to Seneca Rocks, New River Gorge, the Gunks, and local climbing areas. Several AYH climbers can be found hanging out (pun intended) at The Climbing Wall, located in The Factory on Penn Avenue, on Thursday nights from 7 to 9:30 pm. Then we retire to the Evergreen pub (also on Penn Avenue) for a few cold ones and to make plans for the coming weekend.

Check the latest newsletter for the current trip schedule and leader. Call the leader listed for information about a trip or to sign up for the trip. Please call before 10 o'clock at night.

To find out more about the AYH climbing program, call Chuck Jones at (412) 242-6172. To sign up for a specific trip, call the Trip Leader listed in the table below.

AYH Sheet Sleeping Sack DON'T LEAVE HOME WITHOUT ONE!

Required in all youth hostels, the sleeping sack serves as your top & bottom sheets, with a built-in pillowcase. Regular sleeping bags are not allowed at hostels due to public health regulations. Our nylon sleep sack is especially light, compact, and dries extremely quickly (handy on trips). The cotton/polyester sleep sack is a little heavier and bulkier, but feels just like your bedsheets.

RCTC2000 The Fourth Annual Rachel Carson Trail Challenge "34 Miles in One Day" June 24th, 2000

RCTC2000 is a 34-mile, one-day, endurance hiking event, held in the spirit of the Eco-Challenge, the Boston Marathon, the Alaskan Iditarod, the 70-mile Laurel Highlands Trail Run, and the Race Across America. Sponsored by the Pittsburgh Council, American Youth Hostels, the Year 2000 Challenge will be held on June $24^{\rm th}$,2000, the Saturday closest to the Summer Solstice. Starting at the crack of dawn, this event extends through a 34-mile roller coaster of hills, hollows, and bluffs between North Park and Harrison Hills in Allegheny County, ending just as the sun dips below the horizon. The essence of the "Challenge" is to endure, to finish the hike in one day, rather than to "come in first" or "win" the hike.

The Rachel Carson Trail is characterized by its roller coaster hills and rugged terrain with the "Challenge" being described as one of the most difficult trail events in the United States. The hike begins at sunrise and officially ends at sunset, 5:50 A.M. to 8:54 P.M., giving Challengers a total of 15 hours and 4 minutes to complete the 34-mile route. Hikers must maintain or exceed a pace of 2.25 miles per hour, exceeding a "typical" hiker"s pace of 2 miles per hour on a primitive trail.

The Challenge has two dimensions: the first challenge is to endure 34 miles of tortuous hill-climbing and descent in unpredictable weather conditions; the second, more subtle, is your ability to stay on the Trail without getting lost. Obviously, those who have hiked the trail before will have some advantage in maintaining the proper route.

All hikers will be given a trip sheet and a set of topographic maps to guide them through the trail. There will be a half dozen checkpoints throughout the hike, offering minimal support. Hikers are expected to carry all their own gear and necessities, cluding food, water, and snacks, first aid equipment, raingear, maps and a trip sheet.

Of the 270 people who started the 1996 and 1997 Challenges, only 32 had finished the 34-mile event. In 1999, the gods converged to deliver cool, dry weather; a major drought in western Pennsylvania resulted in dry streambeds with no wet crossings; and, RCT volunteers had done a remarkable job of maintaining and marking the Trail. As a consequence, 74 out of 200 hikers managed to finish the hike. In contrast, the summer of "96 brought temps in the mid 90's, humidity to match; high water in the streams forced 3wet crossings, and a skinny volunteer base made following the trail an exercise in elusion. Of those who registered for the Challenge in 1996, only 5 people finished 34 miles.

The Rachel Carson Trail is a "primitive" trail in the sense that no special grading or surfacing materials are used on the trail. It is a typical Western Pennsylvania hiking trail and hikers should expect to find all the conditions a typical hiker would encounter on a typical hiking trail. While the trail is blazed with yellow blazes, there will be an occasional missing blaze where a tree has fallen or when you are following a logging road or a power line or gas line; there will be blowdowns, washouts, poison ivy, nettles, bugs, loose gravel and rocks, steep inclines, and wet stream crossings. You must be prepared to expect the unexpected and to think the unthinkable. The better hiker you are, the better you will do on the Challenge.

The Year 2000 Challenge will follow the Harrison Hills to North Park, east-west, route, only for the second time. It is to participant's great advantage to get out before Challenge Day and get the "look and feel" of the Trail. Look in this issue of the Golden Triangle under "Hiking/Backpacking/Trails" for a series of warm-up hikes to be held in June in preparation for the Challenge; the June Hikes will all move from east to

More...About the Rachel Carson Trail Challenge 2000

DETAILS

- STARTING POINT: The 2000 Challenge will begin at 5:50 AM at the Ox Roast Shelter in Harrison Hills Park, near Freeport. Take the Route 28 Expressway to Exit 16, turn right off the Expressway and go to the T-intersection with Freeport Road. Turn right. The Park is about one mile down the road on the left.
- PARKING: Harrison Hills Park will be open at 5:00 AM on June 24; however, the park is closed at dusk, daily. You must have your car out of the park before that time. If you leave a car at Harrison Hills, you may consider parking your car outside the front gate. A few cars may be parked at the Volunteer Fire Dept. about a half mile north of the Park on Freeport Road. Call, if necessary, for further details on parking at Harrison Hills. At North Park, there are several parking areas in the vicinity of North Park"s Beaver Shelter but parking space is generally limited. Car pooling is suggested.
- SHUTTLE: See Article on Page 1 of newsletter.
- HALF CHALLENGE. The Rachel Carson Homestead is a quarter-mile from the halfway point (17 miles) of the Challenge. Water, snacks, restrooms, telephones, and Trail Marshals will be available at the Homestead. You may "spot" a car at the Springdale High School parking area, 2 blocks from the Homestead. Do not park on the street.
- WATER: Checkpoints will be located approximately every 6-7 miles with water and light snacks available for participants. Marshals will have cell phones provided by Bell Atlantic Mobile/Veri**zon** for communications.
- THE FINISH: Rachel Carson Trail Challenge 2000 will end at precisely 8:54 PM (official sunset time) at the Beaver Shelter in North Park. The Beaver Shelter is 100 yards north and west of the junction of Babcock Blvd. and Pierce Mill Rd. North Park is located on the "Yellow Belt" between Route 19 (McKnight Rd.) and Route 8.

"HOW DO I COMPETE?"

WHAT TO BRING: You are expected to be entirely self-contained. This is an endurance hike, not a "trail run" or a race. Weight, up to 10 pounds in your pack will not be a significant factor. Be able to carry NO LESS THAN 2 quarts of water; sports drinks are recommended; carry a lunch plus high-energy snack foods, raingear, dry socks, first aid gearespecially moleskin or band-aids for blisters; you may want to carry a pair of sandals or surf shoes for wet stream crossings; wear sturdy, well broken-in footgear preferably with good ankle support and a lugged sole for gripping loose gravel and rocks; wear thick wool, wool blend or synthetic fiber socks; wear a hat to keep your head out of the sun; wear sunglasses; carry a pack towel to soak in streams and wrap over your head to cool down; a cell phone is optional but recommended, especially if you want to be able to call someone you know for a ride from the

Please note that in June, some sections of the Rachel Carson Trail will have brambles and nettles as well as poison ivy. Long pants made of lightweight material are

THE ALTERNATIVE: While the organizers recommend you outfit yourself as a "hiker", it is recognized that several participants in Challenges 96, 97, and 99 had some success participating in "runner mode" wearing light low-top trail running shoes, and carrying only water and a small waist pack for gear instead of a day backpack (rucksack/knapsack).

THE PRIZE: All 34-mile finishers will be entered into a raffle; three names will be drawn with each winner receiving an overnight for two at either the new Pittsburgh International Youth Hostel or the Ohiopyle Youth Hostel. All 34-mile and 17mile finishers will receive six issues of the AYH Golden Triangle newsletter free (July-December 2000 issues).
